Dear Parents and Guardians,

Due to the challenges Jay High School faced on the day of the PSAT, the PSAT administration has recommended that our students test on January 26, 2021.

The PSAT administration and Jay High School Administration wanted a fair and equal experience for our students and it was determined that the constraints placed by Hurricane Zeta did not provide this experience. The PSAT administered in October has been treated as a practice test under the generosity of the company.

We apologize for any inconvenience this causes but want to give a fair opportunity to all of our students.

Thank you for your understanding.

Sincerely,

Mr. Stephen Knowlton
